Additional officers arrived and a discussion ensued regarding appropriate action to resolve the situation. One officer advised he had visited the daycare facility earlier in the morning and was informed of employees' concerns regarding a pack of dogs in the area.

The officers returned to the location of the injured coyote and determined the animal's injuries were so severe, it would have to be eliminated. The coyote was moved to a safe location and shot and killed by Officer [REDACTED]. The animal was transported to a laboratory for rabies testing.

Immediately after the coyote was killed, the pack of dogs began quickly moving toward the daycare facility. Officer [REDACTED] shot and killed one dog and injured a second. The remaining dogs fled the area.

No personal injuries or property damage were incurred as a result of this shooting incident.
